Dear family :-

The best news or rather the worst is enclosed. We saw Merriman and his wife at tea one afternoon, and thought we made quite a good impression, perhaps staid too long - ½hr Mrs. And I talked about Intervale and how you expected to be there next summer. However we soon received this little notice. Now we are trying to get into Greenough's Dunster House but the chances are pretty slim. Also this note from from Joe although nice is not encouraging Two exams are over but I am not expecting to get on the deans list on their merits.

[Radiogram 'hope I can place you' see below.]

The trip to the Wayside inn was quite a

success except that it was 2.50 per plate and Peggy there fore paid out 5.50 for our small little dinner bet made in November.

I swim daily except on exam days and some times Saturdays.

I may join a double quartet that is lack-in baritones and going to spend ten days on a tour to N.Y., PENN., DEL. etc on the week just after the exams are over. Fee is forty dollars for eight concerts. However Mr. McKinnen may not like my voice.
