Dear family;

Thanks for your letters and Kind assistance for the Lampy. I have now about 4 400 dollars worth of credit of the 1000 or so that we must have to be eligible for election in the last of April, or the first of May. I have not yet turned in your subscription, and shall not do so unless it is necessary. I don't want to depend upon your aid unless youireally want the Lampoon. The 30 dollars credit for it at present

would not go very far either way[^]. So I shall hold it until I am in a pinch. I guess there is nothing you can do for me except keep your hope down on my grades. I am glad you ap prove of the Lampy. I am getting the new experience of being a salesman though I have no good line to hand out. I should never wish to be that kind a business man. There ae a lot of good fellows in it including El Noyes and Jack Kennard. Perry is out for the Literary board and we hope to get h

initiated togeter.

Yes Jo Dodge wrote me about a week go that I was accepted at the Lakes Hut and wil be with Evarts and two other Fellows. I shall get 9 per \$30!!!

week, though I have not yet been told when I

begin there. I just told Jo after he wrote me the days I should be available. I shall tell you as soon as Jo writes when I go up there. Why do you ask? Do you wish me to go out there and drive the car east? That would be swll. O ther wise I shall not see you till next Xmas unless you come east.

The next thing is this. I was NOT accepted among the 80 that are to make the spring trip with the glee Clugb and sing Oedipus. The people were chosen according to what Doc thought, how long in the club, what year, and how much experience had. So I was one of the 80 or so left out There were not separate trials and attendance did not cuont everything (I missed only 2 of

the rehearsals since xmas). However I still sin in the Bach Festival here in Boston and we have already practised twice in the Symphony Hall, with the orchestra under Koussevitski, who is lesssatisfied with his men than us and often rages against them , at which time he lapses into french. Performances of the Messe and Mag-+ other times nificat come a week from tonight (?) with many rehearsals in between. What with those and

my going to town almost every day getting ads I don't do much studying. Hour exams come this week too!! Tonight I go to Elizabeth the queen with the Hutchins.by way of studying for them.

Now, next I should like to go to New York during the coming 8 days of vacation; April 12 to 20. If I do so how much of the burdn do you bear of the expenses. Last time I was sponging at the Hutchins so I spent nothing. I believe here

Alice must save up her mony to come, which is unfortunate. On the other hand I think you paid for my trip to N.Conway with Goerge. Of course you expect me to do something during my vacation Handwritten

[Note: Maisy adds.

Fun to think of cog singing in Boston under the Koussevitski directed orchestra!

I did different things during vacations: one went south with Pem West friends in a Hardenbergh mercury car - so partially paid for by my family. Another year I went to Intervale for skiing with Estie, maybe staying with Migret Noyes, doing Thorn Mt., odd ski lifts on West Side Rd.and other things long gone. Don't know who paid.
